Gert Stander – Rural Business Development Manager

I'm a proud kiwi born in South Africa.

I started my insurance career 16 years ago and I've never looked back! I have been a rural broker, starting in South Africa which is renowned for its beef, sheep and crop farms. I was previously involved in insuring the largest cropping area in the whole of South Africa, and also worked closely with South Africa's largest rural supply company.

I brought all my knowledge gained in South Africa to NZ when we immigrated 10 years ago, and I've been in rural insurance from day one in NZ. Last year I joined BWRS and I am loving working for a company who puts clients at the forefront of everything they do.

I believe that rural communities and the people that make them up are the backbone of any country.

Julie Pringle – Team Leader

I've worked in the insurance industry for more than 30 years.

I grew up in a small rural town in North Otago (Ritchie McCaw's home town!) where I lived with my family on a sheep farm and established orchard, so the rural life is in my blood and it great to be back involved with this sector.

I bring a lot of insurance experience and expertise but more importantly, I bring my passion for helping others. I love finding solutions for clients and colleagues. I'm excited to lead our rural team and share my passion and expertise.

To be involved in the relationship between BWRS and PGG Wrightson is amazing. I'm loving working with the team at PGW and their customers.

Izzy Grice – Rural Broker

I'm from Seafield, near Rakaia. I grew up between there and Christchurch. I come from a farming family, and we grow truffles. We've got an ex-MPI dog that sniffs them out – it's pretty exciting as you never know exactly what you're going to get until you dig up whatever the dog is marking!

I started my insurance career four years ago. When the opportunity arose to join the rural broking team I was lucky enough to become part of it.

I am loving getting out and about meeting people and attending bull sales around the country. I may talk to Dad about trading truffles for bulls.

Northland

Marc Perales – Rural Broker

I've worked in the insurance and banking industry for over 10 years.

I grew up in West Auckland and spent the majority of my working life overseas travelling to destinations off the beaten path. This has seen me travel to over 40 countries and experience people and culture from around the world.

Sport is a massive passion of mine be it competing or watching, with the NZ Warriors and Manchester United being my two great loves.

I returned home several years ago moving to the winterless north where my family own a rural property in beautiful Waipu.

It's a privilege to help rural people with quality risk advice. I value the importance of personal relationships and being part of a thriving Northland community. These are values shared by BWRS and PGG Wrightson forming an incredibly strong partnership for rural New Zealand

Helen Hardie – Broker

I joined Insurance Brokers Alliance, an associate firm of BWRS, in Dunedin in 2020.

I've spent the last 17 years working in various roles within the insurance industry and I bring a wealth of knowledge to the PGW relationship.

I'm 8th generation Irish farming stock based out of Methven, where my family ran a sheep and beef farm. My parents started out on their own farm up in Whangarei, milking goats. We settled in Tauranga on a tangelo orchard when my father became a financial adviser for Wrightsons, before starting out on his own. Later mum was to become an auditor of kiwifruit with Quality Assurance in the Bay of Plenty and then for dairy farms in Western Australia!

I enjoy working with clients to review their risk management approach, and finding insurance and claims solutions.
