30-31.5 Micron	N/C	\$3.05
31.5+ Micron	N/C	\$2.95

NC = No Change  
 N/A = Not Available

The last sale of the season saw a large offering finish on a solid note, with all Xbd types dearer compared with the previous Christchurch sale. The first of the pre-lamb shorn lots were a feature of the offering with buyers showing plenty of vigour to secure volumes, especially those showing low VM readings. The mid-micron market continues to show limited demand and proving challenging while stocks align the wool pipeline. **Dave Burridge, South Island Auction Manager**
