20 Micron	↑ 4%	\$14.50

NC = No Change

N/A = Not Available

The market saw prices for most types and styles strengthen reflecting positive sale movements in the global wool market. Restricted supplies of new seasons wool coming forward for sale has underpinned short falls in demand for both local scouring and greasy wool shipments. The CHCH wool exchange again has performed strongly for fine wool noting the active bidding from leading Australian trading companies.
