After a period of steady rises from recent sales, last sale of the year saw the market largely consolidate towards a buyers market for most wool types for the combined 15,000 bale offering from both Napier and Christchurch wool exchanges. The first of the new season's Lambs wool also met with similar price levels compared to good colour 2nd shear fleece .A nominal offering of mid-micron and merino wool finished the calendar largely unchanged. On behalf of the wool team, we like to wish you a Merry Xmas .
